

Amendment to Motion 2 “Motion to amend NaSTA’s award categories” to change the on screen talent award to Best Presenter and create the Best Drama Performance award.

Proposer: Chris Osborn

Seconder: Avneet Chauhan

NaSTA Believes:

1. That if motion 2 passes there will be only be a single award category for in front of camera skills.
2. This is one fewer in front of camera award than are in the current list of NaSTA awards.

NaSTA Further Believes:

1. The list of awards in this motion is very heavily weighted to production with only a single award to cover all in front of camera skills including acting, entertainment presenting, factual presenting and journalism.

NaSTA Resolves:

1. To change the Best On-Screen Talent award to the Best Presenter Award with the following description:

Best On-Screen Talent

A showreel demonstrating the on-screen skills, styles and techniques of a particular individual in any production excluding dramas.

2. To add “Best Drama Performance” to Motion 2 Appendix 1 in the “Proposed list of award categories:” section with the following description:

Best Drama Performance

A showreel demonstrating the on-screen acting skills, styles and techniques of a particular Individual in any form of drama production.

3. To change the The Guidelines for Scoring Best On-Screen Talent: “ section to

The Guidelines for Scoring Best Drama Performance & Best Presenter:

On-Screen presence - /10

Technique - /10
