

# LUCY CLUMPAS

## Industry Liaison

**I'm currently the Station Manager of UBTV (Bristol). I've loved leading our station this year whilst studying film & Television. Student television has been a huge part of my university life. I would be honoured to be the next NaSTA Industry Liaison, making sure the students and stations receive the support and connections that they deserve to help their careers thrive!**

### Manifesto

- Ensure that there is a close relationship between student media and industry professionals and that students know about these connections
- Work with both national organisations as well as local and specialist companies
- Help students to make their way into the industry, such as internships, workshops and speakers
- Invite the Awards judges to have a greater presence at the Conference and Awards, in order to create more networking opportunities for students
